

PSU-4448mk2 Kit

The PSU-4448mk2 is the second generation of our PSU-4448 kit. It features more filtering, both rails adjustable via on-board trimmers, on-board LED indicator lights. Use this kit to power your Yamaha PM-1000 Racking project.

Features:

- Small size, space saving design
- All voltages adjustable and can be finely tuned
- Using Low-profile, snap-in capacitors for large value caps
- Using high quality trimmer potentiometer
- Two (2) on-board LED lamps, LED1 & LED2
- Includes (2) heatsinks
- Easy to assemble, easy to troubleshoot design
